

Equality of provision is highly important to us

We believe in following the principles:

We observe good equalities practice in staff recruitment, retention and development,

We aim to reduce and remove inequalities and barriers that already exist,

We believe that society as a whole should benefit,

We believe that all learners are of equal value,

We recognise and respect differences,

We foster positive attitudes and relationships and a shared sense of belonging.

“Education is the most powerful weapon which you can use to change the world.”

– Nelson Mandela
